WE ARE MODERN FAMILY KITCHENS

Modern Family Kitchens is happy to provide a line of beautiful, modern cabinets that you can purchase at factory prices. There are gloss, matte woodgrain and metallic finishes available. See the photos in this brochure. These are sturdy, wood cabinets, much better quality than “Swedish warehouse” cabinets, and they are delivered to you pre-assembled. Made in the U.S.

We are at heart **PROFESSIONAL DESIGNERS** of modern kitchens for remodeling and new construction. For many years our clients have looked for alternatives to IKEA cabinets, especially those who wanted quality wood or pre-assembled cabinets at affordable prices. We found them. These cabinets are made in the U.S.A. and ship in 7-10 days, already assembled.

In addition to our professional design services, we can now offer these very affordable beautiful, quality cabinets—with exciting accessories and with discount prices. So take a good look. A beautiful, custom kitchen is possible with even a modest budget.

Remember that **DESIGN** of the layout is the key to an elegant, functional, high-value result. We urge you to invest in professional design. We offer a FREE 30-minute phone consultation to discuss your project.
